Site Plan Requirements: 2 Plans Required

2 Site plans are required to clearly indicate what is being demolished, and what the plans for the site are post-demolition.

PRE-DEMOLITION PLAN WITH THE FOLLOWING ELEMENTS:

- Lot dimensions
- All existing building and an indication of what is being demolished
- All utility right of ways and easements located within or directly adjacent to the site
- Site access with dimensions
- Adjacent roads and lanes

POST-DEMOLITION PLAN WITH THE FOLLOWING ELEMENTS:

- Lot dimensions
- All remaining and proposed buildings
- Site Landscaping
- All utility right of ways and easements located within or directly adjacent to the site
- Site access with dimensions
- Adjacent roads and lanes

Damage Deposit

A damage deposit of \$2,500.00 must be included with all applications. These deposits are used for temporary or permanent repairs to public property that may be necessary as a result of the demolition activity. The deposit is also used to ensure that the site is properly landscaped following the demolition.

The personal information on this form is being collected for the purpose of reviewing your application to the municipality of the Town of Taber. The information is collected under the authority of Section 146 of the Municipal Government Act (MGA) and Section 33 of the Freedom of Information and Protection of Privacy Act (FOIPP). Under Section 33 of the FOIPP Act, the Town of Taber reserves the right to collect information that relates directly to and is necessary for an operating program or activity of the public body. Names of applicants will be provided to the public. If you have any questions about the collection of this information, please contact the FOIPP coordinator at 403-223-5500 ext. 5519.

Note: This application does not permit you to commence demolition until such a time that the permit has been issued by the Development Authority. A building permit will also be required prior to commencing demolition.

It is the responsibility of the applicant to ensure all utilities are properly disconnected prior to demolition.
